

LOANS · PAYMENTS · BOOKKEEPING

Loan Management System

Your whole book on one dashboard.

Manage clients, agreements, payments, documents, reports, bookkeeping, branches and staff in one secure, multi-branch system. Know instantly who is up to date, in arrears, defaulted or paid up.

KEY FEATURES

- **Clients and agreements:** instalments, weekly or monthly terms, balances calculated for you.
- **Status at a glance:** up to date, arrears, defaulted or paid.
- **Documents in seconds:** paid-up letters, letters of demand and invoices with your own logo.
- **Built-in bookkeeping:** collections, other income and expenses in one clear picture.
- **Reports by branch and group:** clients, defaults, loans issued and profit, exported to Excel or PDF.
- **Branches, staff and roles:** clerks capture, managers approve, owners see everything.
- **Security:** two-factor sign-in, audit log of who changed what, data isolated per company.

GETTING STARTED

Bring your loan book

Migration of your existing book is included at onboarding.

Client notes

Log calls and payment arrangements on the client file.

HR & payroll

Employees, leave and payslips for your own team.

- Schools and service businesses
- Any business that bills repeatedly

FAQS

Can I use the Loan Management System on its own?
Yes. Each VantiPay system works on its own or together with the others. One login across products is coming soon.

How do I get access?
Book a free demo. We give you a written quote and set up your company. Access depends on your subscription.

Do you train my team?
Yes. We train your staff on the system and set up your company, branches and users during onboarding.

Can I bring my existing loan book?
Yes. Migrating your existing book is included at onboarding.

See it running on your own numbers.
